

Winter/Spring 2019

Oklahoma GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs), a federally funded program administered by the Oklahoma State Regents for Higher Education, partners with 10 school districts and five regional colleges across the state to provide college preparation services and information to 7th-12th grade students, college freshmen, and their families.

The program is designed to prepare middle and high school students for college success through direct student support services, effective educator professional development and leadership opportunities, and parent and family outreach activities and events. Coaches provide college freshmen who graduated from GEAR UP high schools with assistance in acclimating to college life.

01 Increase the academic performance and preparation for post-secondary education for GEAR UP students.

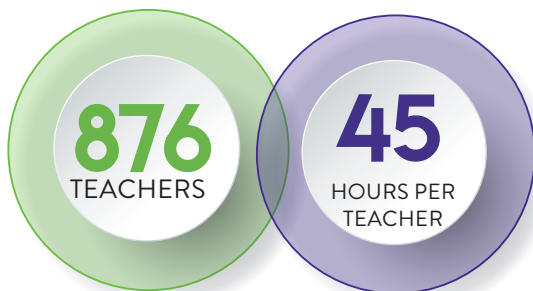

02 Increase the rate of high school graduation and enrollment in postsecondary education for GEAR UP students.

03 Increase GEAR UP students' and their families' knowledge of postsecondary education options, preparation, and financing.

GEAR UP Objectives

1,774 seniors celebrated their futures by participating in a College Signing Day

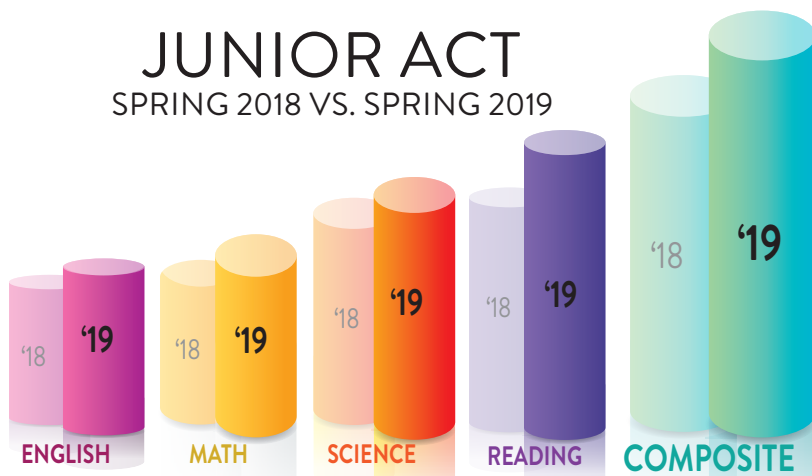

PROFESSIONAL DEVELOPMENT

DIRECT STUDENT SERVICES

JUNIOR ACT
SPRING 2018 VS. SPRING 2019

485 GEAR UP students submitted Oklahoma's Promise applications throughout the 2018-19 school year.

OKLAHOMA GEAR UP ACTIVITIES

Direct Student Services

COLLEGE APP WEEK is designed to build excitement around the college application process and provide Oklahoma high school seniors a convenient opportunity to apply for college. GEAR UP schools set aside time and space for seniors to complete at least one application for admission while receiving the encouragement and assistance of school, college and community volunteers.

CONNECT U is a program designed specifically to help high school seniors with the college enrollment process. CONNECT U helps ease the transition to college by providing specialized support for the first day of class.

COLLEGE AND CAREER READINESS WORKSHOPS are designed to be grade specific. They help students understand the importance of identifying resources and creating a future story as part of their plan to prepare for and succeed in college.

COLLEGE COACHES are housed on five regional college campuses across the state to help students transition from high school to college. The college staff help entering freshman students from GEAR UP schools find academic and emotional support as they begin campus life.

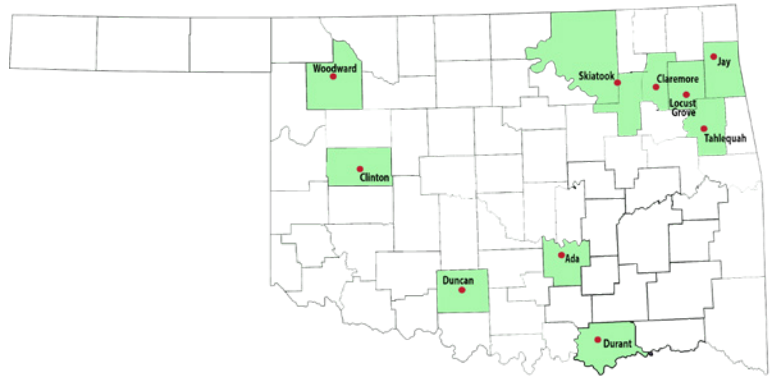

ACT PREP provides test preparation, study skills, and reading for information training for juniors and seniors prior to taking the ACT exam. The ACT is a recognized college entrance exam in Oklahoma.

GEAR UP provides a **LIVE ACT** opportunity for all juniors to test in their home schools.

GEAR UP works to expand the awareness of **OKLAHOMA'S PROMISE** among students and their families and enroll those who qualify.

GEAR UP school specialists provide one-on-one advice and mentoring to high school seniors and their families to ensure **FAFSA** completion.

SUMMER PORTAL is an intensive summer math course designed to help students who score below a 19 on the math section of the ACT required by Oklahoma colleges and universities for remediation. Upon completion, students are encouraged to take a final ACT test or a college placement test in an attempt to meet remediation requirements.

Academic Support

GEAR UP is working with schools to implement **Professional Learning Communities** (PLCs) throughout their sites. Through the PLC structure, schools are committing to helping teachers and faculty address student achievement, academic interventions and common assessments. The strength of community serves to identify students who most need support.

When asked if the PLC process helped teams ensure students are learning essential standards, 81% of teachers surveyed in May 2019 said they agree or strongly agree vs. 58% in September 2018.

The **Superintendents' Roundtable** is an opportunity for GEAR UP superintendents to meet quarterly to discuss topics such as *Challenging the Leader in You* and *What Does An Instructional Leader Look Like*. The superintendents utilize this time to collaborate with each other on concerning issues that are unique to each of their districts.

The **Parent Leadership Academy** is an opportunity for parents to learn how to become involved in not only their child's education but also become better informed about how to strengthen learning for all students. With support from GEAR UP, participants learn leadership skills necessary to develop parent-school-community partnerships to significantly increase the number of students who are prepared to enter and succeed in college. **Eleven teams of parents from nine districts participated in the training this spring and have designed school advocacy projects.**

OnPoint, a yearlong program offered by Oklahoma GEAR UP, is designed to offer individual coaching to emergency-certified, alternatively certified and first-year teachers on: classroom management and instruction techniques, Oklahoma's academic standards and the professional learning process.
